“ I want say First and For Most, Bernie was the most outstanding guy you would ever meet, he had an awesome personality, and he would do anything for anyone, he was the most caring gentleman towards everyone, holding the door open for everyone; he would always make sure you had what you needed; with giving the shirt off his back. He could always make you laugh when you needed to. (Leave the coffee container home Bernie! Ki-Yaye! Lol! And we always had awesome time with many stories and memories with everyone (including together with Family). I am really surprised with what happened with his health and how quickly he has passed. I want everyone to know on how fast life flies by. Spend as much time as you can with your friends and family as much as you can with always saying a goodbye with I Love you bud! and enjoy the time and life we have with each other! Because there's always gonna be a time when that day come and you think about calling up your friend or your loved ones to hang out, to just talk too or just running into them, then you sit back and think- be like wow I remember I can't hang out with them or call them because life passes us by and they're passed on. Wow, I really wish I had the chance to do all this when I could. I miss the times we had with Bernie. There's never a day that goes by where we don't think about him, wonder what he's up to! He was a hard worker who had compassion for all he did. I always looked up to Bernie! He loved Us! He Loved his Family and Friends! I'm not going to say Goodbye but We are going to say for the Next time We meet and see each other in Heaven! See-Ya Later! With Rest In Peace with Much Love- Your best bud Eric and my Wife Melissa! We Love you!
