“ *Condolences to the family. Betty you were a wonderful mother, grandmother and wife. Your love for your family was simply a breath of fresh air, you loved them with all your heart and soul. You always treated me like family, especially the last three years. I'll remember you and Leo dancing outside at one of the parties, smiling and laughing. The love in both your eyes was wonderful to see and feel. Family parties filled with family, friends and food! You made many happy memories with everyone, something that won't be easy to forget. You were so caring and so heartfelt, and sincere. I will forever keep your memory in my heart and I know so will so many people. My heart goes out to your family, their loss will be very deep, but knowing there is another place to meet again, will keep them going until then. Fly high, and enjoy being pain free and seeing your daughter again. It's never goodbye, it's later! Love you! Watch over us all and especially the little ones!*
