“ *From the entire Muzikar family our sincere condolences. Our Mom Rita Blesser was his Aunt. She also had a wonderful sense of humor and enjoyed joking around when she visited New York. Living in California Dave was based at Camp Pendleton he visited our family often. As you can see by the attached photo my siblings really looked up to him and the girls had a big crush on him too. He always made us smile.*

“ *Arden,
Our heartfelt condolences to you and your family on hearing of Dave's passing.
I met Dave and worked with him in the G.E. in the Bucket Assembly gang.
While, as a young single parent we helped him with his two young daughters... Putting them on and taking them off the school bus. We witnessed his skills as a carpenter when my youngest son asked him to build him a tree house... I envisioned a flat floor platform, I had no idea that I would be helping him build an actual treehouse complete with a (4) step ladder leading to a hinged floor opening, cedar shake roof and siding... Not to mention the plywood floor he installed in my attic for storage!! He was a great friend, made you laugh every day he had a joke and the ability to deliver the punch line, He will be sorely missed by all who knew him.*
