“ I love you dad. Nothing could have prepared us for losing you. We know you were tired and just didn't want to be here anymore without mom. Give mom hugs and kisses and tell her how much we love and miss her. I know you both are probably dancing in the warm sunshine and breeze. Until we meet again.

“ We are saddened to learn of your Dad's passing. Our son passed away in June, 2018 and his resting place and stone are very nearby your Mother's and Dad's. We visit our son often and have come to know Edward by his frequent visits to your Mother. We have never spoken but wave every time we see him. His chair is in place but many times he sits in the car and looks at the stone. We have always been touched by his presence.

We are thinking about you all with our hearts and remembering you in our prayers. And we think how wonderful it is that your Mother and Father are together again and how happy they must be! Rest in Peace, Mr Sowle. We will wave again when we visit our son.

Thank you for your kind words. My dad came to our house every night for dinner. He did tell me he saw some very nice people visiting their loved one also but didn't know who you were. He said you were there often and always waved. He will be missed terribly but he is in his glory with my mom. Thank you again.

“ *The first time I met him, he put my moped in the back of his Ford truck and gave me a ride home. Last time I talked to him , he was painting the inside of a trailer. There was a good 20 years between and he still remembered me and my name. I'm sorry for the loss of a great man. May you rest in peace Mr. Sowle*
