“ I'll forever miss you making me laugh with your crazy jokes and goofy things you got yourself into. I'll probably never have a good cup of coffee again because no one fixed my coffee like you did, or out of the blue would tell me I was beautiful. I don't know how I'm going to get through my day without calling you from work to chat. Or you calling me at work to tell me the roads were bad and to drive careful or see if they would let me leave. I promise I'll take care of Maddy, I know you always worried about the grand babies. . I'll continue to make rice and will teach Maddy how to make it too. I love you
Eleno and will miss you every single day. Our house is much to quiet without you here.
Te quiero mi amor, para siempre.
