“ George was my great friend for almost 70 years. We met on the first day of school, walking down to the old Mohawk School and were friends ever since, I have many fond memories of playing basketball and golf with George, water skiing at Sunset Bay, camping and canoeing, and fishing in the Adirondacks etc. George had a free wheeling nature and a great sense of humor which which endeared him to people. I love you my friend.

“ I haven't seen George in over fifty years but I have fond memories of him from high school and church basketball. He was fun loving and a great team mate. It is sobering to realize that our generation is now at the age where news like this will become more common. RIP George. Curt Fordham

“ George taught me to water ski when I was 13. He helped us rebuild our camp. He was a constant presence in my experience at camp. I know he struggled the past few years, but I saw him smile more in the past few years. His loss will definitely be felt at SBCA. Much love to you all. Laura (Tidd) and Bill Turner

To family and friends of George, aka, Bunner! Bun-Bun-Tera! Sweet-Sweet Bunner! We had some great times and some sad times together. You were groomsman at my wedding. When Chris and my first child, Sarah's expected birth was 2 weeks late, you invited Chris and I to your camp on the lake, July 4th. Bunner said maybe a little bumpy ride will get things started. Sweet Bunner got me to water ski with Chris as watch. The lake was a little ruff, so Chris bounced around a bit. Chris went into labor on July 5th, Our Sarah was born July 6th. This is just a quick memory of Sweet Bunner. There are many more. Some good, Some Great! some not so good, and some that will remain secret. We all have memories of George that will be with us for the rest of our lives. I ask to always remember the best of your memories and do indeed forget the rest. Keep your memories of the sweet Bunner George in a warm place in your heart because as a brother, and friend, Sweet Bunner George's love, compassion, and empathy for all that were blessed to know him will be missed

I met George in 2009. Not knowing we had both gone and lived in Scotia not knowing we had alot of mutual friends and not knowing how he would become a dear friend. Very smart very witty and very stubborn George was all wonderful traits. I will miss him and I will miss looking across the street to make sure he was home safely. Not sure who I will make soup for now. God speed George no more suffering.
