“Dad, I miss you so much it is so hard to put into words. Time has not healed the hole in my heart that aches because you're no longer with us. I can't believe this much time has passed already and would turn back time if at all possible. I love you so much and wish I had said it more often when you were here but I know that you hear me say it all the time now. I know you are with me in spirit and I thank you for all the little signs and seeing you in my dreams have been a blessing. I am sending many hugs and kisses up to you and will do so again when it is my time to join you. All my love Dad! Mary (Motormouth)

“Pat and Family, We are so sorry to hear of your loss. I recall soooooo many interesting conversations with Joe over the years. Also recall what a great influence he was on my boys when he operated the Stamp & Coin business. [I'll try to forget how much that cost me :)] His life of service to the public and his community was exemplary and I'm certain he is now reaping the rewards in heaven. You are all in my thoughts and prayers. You have my # if you need anything!
With deepest sympathy and most sincerely, Sheila Bleyl
