“ *My mom, when I had my first child, she was there rubbing my back through my contractions while I cried in pain. She was also there for my last. Front row seat and after it was over, she said, I really saw more than I needed to. She was determined to be there and I'm glad she was. She was a great lady, always on my side no matter how stupid I was. Thank You mom for being MY mom! I love you!*

“ *I remember the day Shelley came home from the hospital. Donna and I went on our lunch hour from school to see her. We both had a brother (or more in my case) and desperately wanted a sister. Shelly was so tiny and beautiful with wonderful dark eyelashes. I was so happy for Donna and would have to wait for another year for my sister to arrive.*

My loving thoughts and prayers are with you, Donna and Kenny! The time you had together with her seems so short - not enough done or said. Just know that she will always be with you both. She will come to you in small ways, but you will know it's her. Memories are forever.

*Please know you're both in my thoughts and prayers. Blessings...
