“ I am so sorry to hear of Bob's passing, I have known him for over 35 years, he was a unique individual. Bob and I did a lot together and at one point had gone to 25 consecutive opening days at the SPA, as well as attended several Travers together. We also made many casino trips together in the northeast everything from Turning Stone to Mohegan Sun to Atlantic City as the 12 pack bandits. I only recently found out of his passing as I called to plan a trip to the track. His off-base sense of humor always kept me entertained as we discussed anything from politics to sports. I always will remember our trips to the Horseshoe after a successful day at Saratoga we always had a ball.

I met Bob years ago playing softball at the Pines in Galway for Dave's Tavern, he was a good player and teammate. I will forever miss him and our trips going to our spot on the steps in section K in front of the Chowder bar we loved cheering our horses on. RIP Bob, I will miss you.

“ We were saddened to hear about the loss of Robert our friend. I've wanted to extend our condolences to his family and friends in the loss of Robert. Someone said that he left the funniest voice message and that was true . He had a unique sense of humor and a honesty that was not common. He spent many holidays with our family and past few years around the fire at camp playing last one to stay up which I never won I knew that I was out matched!the ultimate Dodgers fan my better half and he would talk about sports until dark and give each other a jab whenever someone's team lost! I have had known him for 60 years and there weren't many people that share those memories of growing up and many times our conversations started with remember when?we last saw you in mid March he had brought back some to go containers from the last few times I would send him off with something to eat for later . Mid March was corned beef and cabbage and a late snowfall he wanted to know why the professor his nickname for my Ralph and I were not up at camp and he laughed and said that he was looking forward to pass the lawnmower over to someone else and which he told us each year lol it was not about the lawn at all we waited for him and the hours we would spend in the back yard and he and the professor would talk about politics and I would try to remember who sang that song? I often would come inside for a minute and when I would look out side I would say Ralph were is Bob? Not another Irish out the back door with out a good bye He always knew that we would try to get him to stay a little bit longer even though he had some where else Togo. He promised that he would keep us posted and we called him often but he had not gotten back to us .as I had said he always hated to say good bye when he had some where else to be.my phone voicemail will not be the same , this is Robert AKA lawn guy our friend, Brenda and Ralph

“ *Condolences to all that knew him including family. I'll leave a little message here for him as well... Robert, I will truly miss you & your phone calls especially if I wasn't home to receive them. The messages you left always had me laughing. Then when I would call back we always had a good time like we were hanging out together. Glad you came to the house a few times so we could hang by the fire & listen to music. Known you a long my friend. Hope you are at peace and don't tell my father too many things that I told you. lol*
