“ *McClarren's Meadow and Pat's Pond exist because of you. I loved every second of the months we spent with you while you worked your magic on our property. Loved having you at the house for lunch everyday and a beer or two at days end. And who would have known that would grow into a loving family! You and Pat became such an important part of our lives. You both became family! I love you and I will miss you always! You truly became my brother. Rest easy and rip it up up there! ❤️❤️*
